Getting Started

Welcome to Kalkomey’s Event Manager! Event Manager is an easy-to-learn tool that will make it easier for you to schedule your events, invite students, manage your roster, and track your hours, all in one place.

This guide will help get you started. It covers:

1. Many of the screens that you will see.
2. Computer terms you will need to know.
3. How to start the Event Manager program.
4. How to use the features in the Event Manager.

Basic Computer Terms

This section is a quick refresher on some common computer terms.

What Is a Browser?

A browser is a program on your computer that you use to visit websites. When you turn on a computer, you see small graphic symbols on the screen. These symbols are called “icons.” To get to your browser, you click its icon.

Here are the **icons** for several popular browsers.

Internet Explorer by Microsoft

Firefox by Mozilla

Chrome by Google

What Is the Address Bar?

After you click on a browser’s icon, you see the homepage for that browser. At the top of the page is an area called the address bar. Here’s one example.

What is a URL?

When you are driving a car, you use an address to find your destination. On computers, the URL is the address that takes you to a particular place on a website. For example, the URL (address) of the Event Manager login page is: <https://my.register-ed.com/login/login>.

Starting Event Manager

To start using Event Manager, use your browser to access the login page. There are two ways to do this.

Method One: From Register Ed

Follow these steps.

- Click on your browser's icon to open your internet browser.
- Move the cursor to the address bar and click.
- Type in the URL for Register Ed (the visitor side of Event Manager): www.register-ed.com
- Press ENTER on your keyboard. Your browser will navigate to the public side of Event Manager, Register Ed. It should look like this, below.

Already registered? [Update registration](#) [Cancel registration](#)

[View Privacy and Terms of Use.](#)

- Click the **Agency Login** link in the bottom-right to navigate to the Event Manager login page.

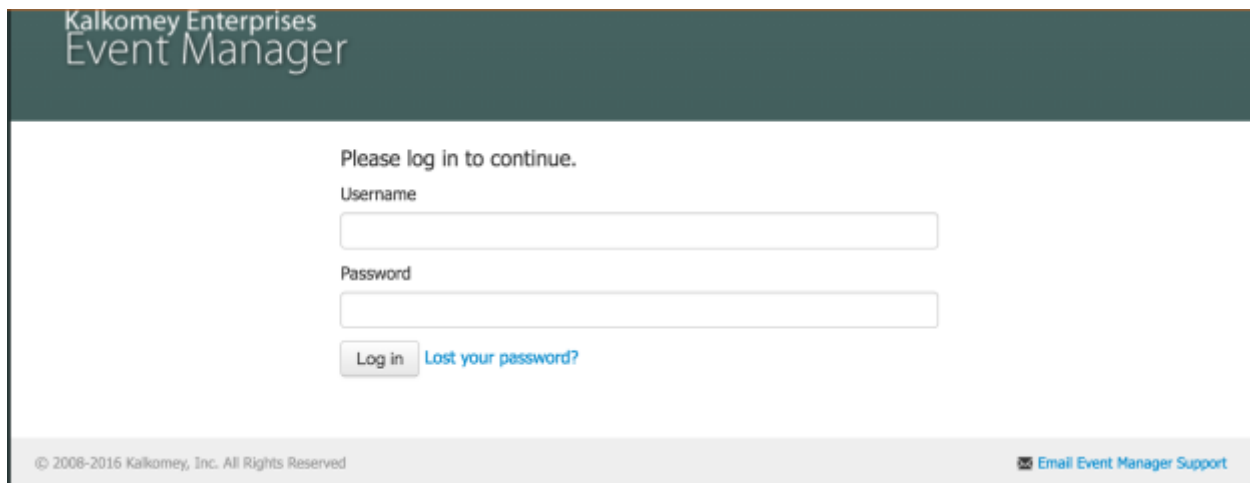

Figure 1 This is what the login page for Event Manager looks like.

Method Two: By Typing the URL

Follow these steps.

- Click on your browser's icon.
- Move the cursor to address bar and click.
- Type the URL for Event Manager: <https://my.register-ed.com/login/login>
- Press ENTER. The login page is the access point for Event Manager.

(If you are using a PDF or digital version of this guide, you can click the blue link above and you'll be routed to the login page automatically.)

Whichever method you choose, you may want to bookmark the URL on your browser for future reference.

Now that you are at the login page for Event Manager, type in your assigned username and password. Then click "Log In."

You're logged in to Event Manager! Keep reading to learn how to make the most of this resource.

Email Verification

Depending on your agency administrator's requirements, you may be asked to add or verify your email address. This is very easy to do in Event Manager.

First, log in as described above. If the system determines that you don't have a valid email address on record (and it is required by your agency administrator), you will be asked to enter an email address. If you don't have an email address, you can create one for free with many online providers (examples include Gmail and Yahoo).

If you have a valid email address, an email will be sent to you so you can verify your email.

Verify Your Email Address

✓ Verification Email Sent

We have sent a verification message to abitar@kalkomey.com. Please check your email and follow the instructions provided to log in to Event Manager. If you still haven't received your verification email, [request a new verification message](#) or enter your email address using the form below.

A valid email address is required. Please update your email address using the provided form.

After providing your email address, you will be sent a verification email with further instructions.

You will not be able to log in to Event Manager until your email address has been verified.

New Email Address

Email Address

Submit

Figure 2 An example of the screen that may appear if you are required to verify your email address.

You can see the email address that was used for verification in the green box at the top of the page. If you want to change your email address, you can do that on this page and an email will get sent to you to verify the new email address.

Once you receive the email, just click the blue link. You'll be returned to the site so you can log in and get back to work.

Hello, JIM T. COLORADO.

This e-mail is to let you know that your email address has been updated in Event Manager.

To verify your email address, just click the link: https://pneview.my.register-ed.com/password/email_reset/2e6c36e80176eace6c8c6b8943a14748

Thanks,
Register-Ed.com

Figure 3 An example of an email you may receive to verify your email address.

Figure 4 An example of the screen you will see after verifying your email address.

Establishing a PIN

Depending on your agency's settings, you may be required to establish a PIN before submitting results for your events. *Not all agencies require a PIN. If your agency does not, feel free to skip this section.*

You can easily create a PIN by clicking the **Profile** link in the menu on your instructor home page.

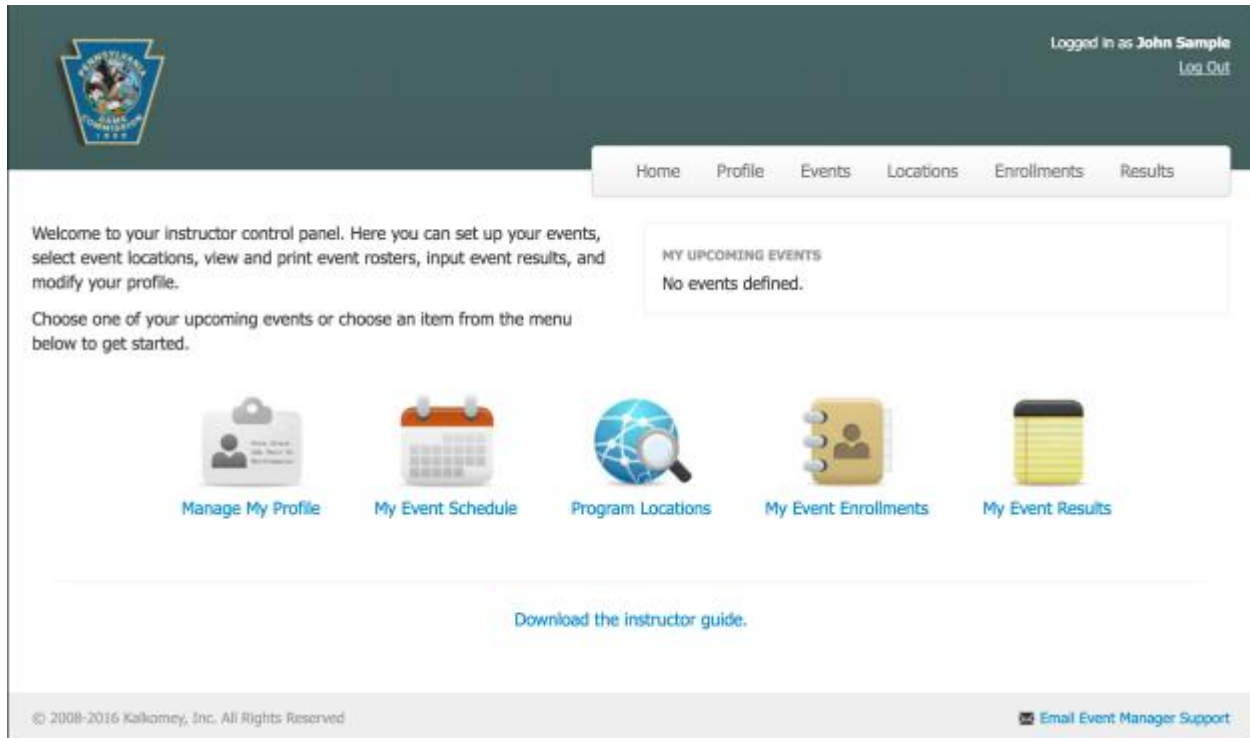

You can change your PIN and password whenever you want by accessing your profile page. To change your PIN, scroll down to the "Login Information" section, enter a PIN number you will remember, and then hit **Save**.

Your PIN will be ready for you to use immediately for submitting class results.

Understanding the Welcome Instructor Page

This is an example of what you will see the first time you successfully log in to Event Manager. In this example, user John Sample from the Pennsylvania Game Commission has just logged in.

This page contains the following information.

- **Agency logo** in the top-left shows your agency's identification logo.
- **Logged in as** in the top-right shows who is logged in—it should show your name.
- **Log Out** lets you click to exit Event Manager.
- **Menu bar**, on the edge of the dark-colored background, allows you to change pages within Event Manager.
- **My Upcoming Events** box displays a short list of your upcoming events.
- **Five large navigation icons** at the bottom of the screen provide another way to move about in Event Manager (just like the menu bar).

Using Event Manager

On the Welcome Instructor page, each of the features in Event Manager, except "Home," appears on the menu bar and as a navigation icon. In the list below, the name of the menu bar ("Profile") comes first; the name listed in the navigation icons ("Manage My Profile") comes second.

1. **Home:** Return to the Welcome Instructor page from any other screen.
2. **Profile or Manage My Profile:** View or update your personal information.
3. **Events or My Event Schedule:** View your calendar, or create events.
4. **Locations or Program Locations:** View available locations, or create new location.
5. **Enrollments or My Event Enrollments:** View enrollment and capacity for events.
6. **Results or the My Event Results:** Enter, review, and submit result data for events.

The following sections of this guide explain each of these features in more detail.

Profile

After you log in, you may update your personal information, such as your password, on the Manage Profile page. From the Welcome Instructor page, click on either the **Profile** option on the menu bar or the **Manage My Profile** navigation icon to get to this page.

When you have updated your profile information, click on “**Save Changes**” to save your changes.

Locations

Before an event may be created, you first must make sure its location is in the system.

From the Welcome Instructor page, click on either “**Locations**” on the menu bar OR the “**Program Locations**” icon to get to this page.

Displaying Locations

The locations depend on the program. To see a list of program locations:

- Click on the down arrow beside “Select a Program to Begin” to reveal a dropdown menu. This menu lists the programs for which you can create events.

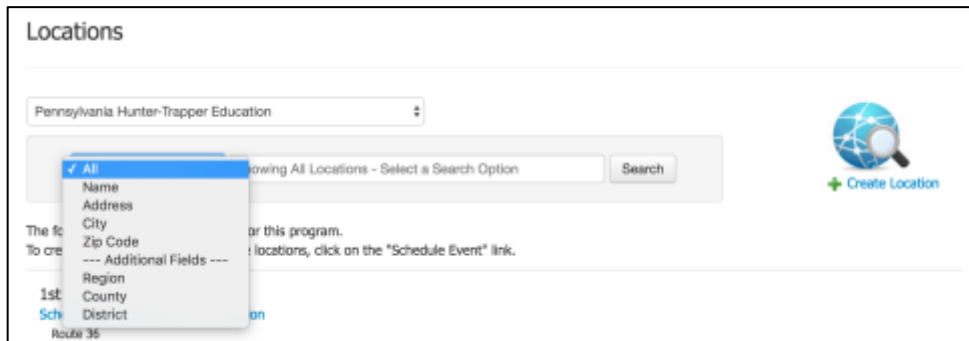

Figure 7 User John Sample can choose from a few programs.

- Click on the program you want to investigate. All locations that are available for the program will be displayed.
- Now you can search for a specific location. Click on the down arrow to display the dropdown menu.

- Click on the search option you want to see.
- Type in the requested information. Then click on “Search.”
- If your location is found, you can begin to create an event.
- If your location is NOT found, you can create the location by clicking on the “**Create Location**” link on the right-hand side of the Locations page.

Figure 8 Click this icon to create a new location for your program.

Creating a Location

To create a NEW location:

- Fill in ALL required fields. An asterisk (*) indicates a required field.
- (Optional) Manually position the red marker exactly where you want it on the map.
- When you are done, click on the “Submit” button to save your changes.

Figure 9 The Create a Location screen. Fill out all required information.

Events

Creating an Event

You can get to the My Event Schedule page two ways:

1. From the Locations page
2. From the Welcome Instructor page

From the Locations page

On the Locations page, you can search for an event location. When the location you want is displayed, click on **“Schedule an Event”** to schedule an event at that location.

Logged in as **John Sample**

+ Create Location

The following locations are available for this program.
To create a new event at one of these locations, click on the "Schedule Event" link.

Hunter Ed Exam
Schedule an Event **Click here**
Route 36
Punxsutawney, PA 15767
Capacity: 60

From the Welcome Instructor page

The My Event Schedule page can be accessed from two places on the Welcome Instructor page.

1. Click on **“Events”** on the menu bar at the top of the page.

Logged in as **John Sample**
Log Out

Home Profile **Events** Results

Click here

OR

2. Click on the “My Event Schedule” navigation icon at the bottom of the page.

You will see the My Event Schedule page. This is a calendar of YOUR events.

The screenshot shows the user interface for 'My Event Schedule'. At the top, it indicates the user is logged in as 'John Sample' and provides a 'Log Out' link. A navigation bar contains links for 'Home', 'Profile', 'Events', 'Locations', 'Enrollments', and 'Results'. The main heading is 'My Event Schedule', accompanied by a calendar icon. Below the heading, there is a brief instruction: 'Your event schedule is shown below. Click on an event to view detailed information or make changes. To create a new event, select a calendar date that you wish to schedule.' A link to view all events for all instructors is provided. The page displays '3 Events Found' and offers 'Calendar View' and 'List View' options. The calendar is for July 2016, showing three events: 1. 'Pennsylvania Successful Bowhunting (3 Days)' in Pittsburgh, PA, on July 5th at 5:00 PM. 2. 'Pennsylvania Hunter-Trapper Education Independent Study' in Montrose, PA, on July 16th at 8:00 AM. 3. 'Pennsylvania Hunter-Trapper Education (2 Days)' in New Alexandria, PA, on July 26th at 5:00 PM. The footer contains copyright information for Kalkomey, Inc. and a link to 'Email Event Manager Support'.

Figure 10 John Sample's schedule includes three events.

How to Create a New Event

- Display the correct month. Click on “Previous Month” or “Next Month,” if necessary.
- Click on the day you wish to create an event. This takes you to the **Create an Event** page.

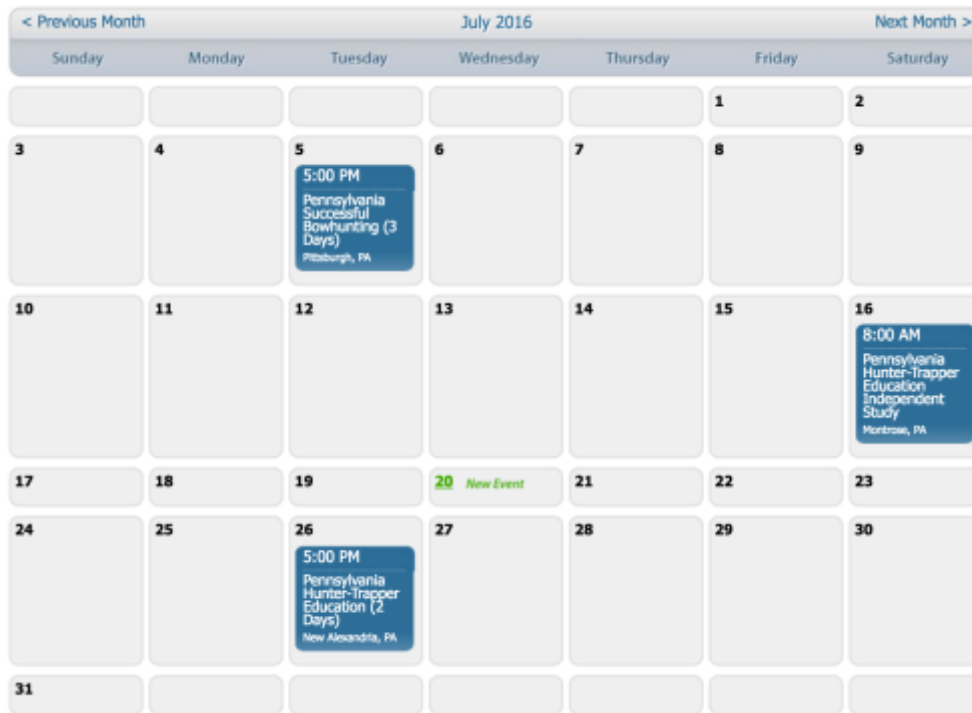

Figure 11 When you hover your mouse over a calendar square, the words “New Event” will appear. Click to create a new event.

- There are two parts to this page:
 - The Calendar side (on the left) for scheduling the dates and times for the event.
 - The Event Detail side (on the right) for defining the details of the event.

Create an Event

To create an event, fill in any missing data for date, time, program and location. Web Registration Capacity defaults to the capacity that has been assigned to the selected location. However, if you wish to allow more or fewer online registrations for this event, you may edit the Web Registration Capacity.

Event Capacity

Wait List Capacity

Special Instructions

Options

- This is a [public](#) event.
- This event will be visible to students: 6/13/2016 - 7/20/2016.
- Students can register for this event: 6/13/2016 - 7/20/2016.
- Students can cancel registrations: 6/13/2016 - 7/20/2016.
- Notifications are [disabled](#).
- Cancellation Notifications are [disabled](#).
- Wait list is [enabled](#). [How does wait list work?](#)

To use this side of the page, start at the top.

1. **Program:** Select your program from the dropdown menu. The rest of the event detail fields on the right side of the page will display automatically.
2. **Location:** Place the cursor within the Location field and start typing the location name. After three characters have been typed, a list of locations will be displayed in a dropdown menu. Select a location.
3. **Event Capacity:** The location capacity is displayed automatically, based on the chosen location. Change the capacity, if necessary.
4. **Wait List Capacity:** If your event reaches capacity, how many people may sign up to be on the wait list? If you do not want a wait list for your event, you can click the blue “enabled” text and change the wait list to “disabled.” For more information about the wait list, click “How does wait list work?” (or read more information below).
5. **Special Instructions:** Enter any applicable event-specific instructions.

Event “Options”

The “**Options**” at the bottom of the Create an Event page allow you to customize event settings such as the event type, event visibility window, event registration window, event cancellation window, and wait list. You also can activate notifications and wait list options for an event. Each individual option can be opened by clicking on the associated blue link.

Options

- This is a [public](#) event.
- This event will be visible to students: 6/13/2016 - 7/20/2016.
- Students can register for this event: 6/13/2016 - 7/20/2016.
- Students can cancel registrations: 6/13/2016 - 7/20/2016.
- Notifications are [disabled](#).
- Cancellation Notifications are [disabled](#).
- Wait list is [disabled](#). [How does wait list work?](#)

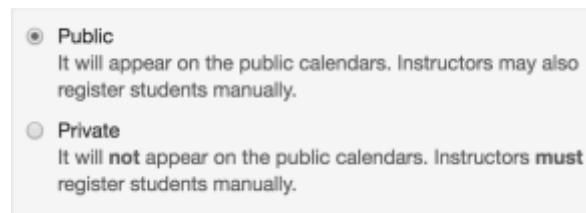

Note: If you are unable to click some or all of these options, contact your program administrator to discuss changing the approval settings for event creation.

Public versus Private Events

This setting allows you to define the event type as either public or private.

1. **Public:** The event is displayed on the public calendar.
2. **Private:** The event is NOT displayed on the public calendar.

Click on [public](#) to see the choices.

Public
It will appear on the public calendars. Instructors may also register students manually.

Private
It will **not** appear on the public calendars. Instructors **must** register students manually.

Visibility

The visibility setting lets you control WHEN the event will be displayed on the public calendar. This can be used to schedule future events without making them visible to the students.

Click on the dates to change them.

• This event will be visible to students: [06/13/2016](#) - [07/20/2016](#).

From: To:

Do not display this event.

Registration

The registration setting lets you define WHEN registration for an event is open.

Click on the dates to change them.

- Students can register for this event: [06/13/2016 - 07/20/2016](#).

From: To:

Special Registration
Students cannot register without being *manually* added or invited by an instructor. Please provide the student with appropriate registration instructions in the "Special Instructions" section above.

If your program includes the "Special Registration" option, you can enable this to limit program registration to manually invited students. Be sure to include instructions in the "Special Instructions" area to help students understand their event eligibility.

Cancellation

The cancellation setting lets you control WHEN cancellations for the event will be allowed.

Click on the dates to change them.

- Students can cancel registrations: [06/13/2016 - 07/17/2016](#).

From: To:

Do not allow cancellations.

You may also choose not to allow cancellations.

Notifications

This setting lets you enable or disable notifications for an event. When enabled, the primary instructor will receive an email when an online registration for the event is processed.

Click on [disabled](#) to choose whether or not an email will be sent.

- Cancellation Notifications are [disabled](#).

Receive an email when a student cancels their registration for this event?

Yes, please send notifications by email.
(fake@email.com)

No, disable notifications.

Wait List

This setting lets you enable or disable a Wait List for an event. When enabled, the public will be given the option to be added to a wait list when an event is full. In this case, invitations to register for the event can be sent to people on the wait list if seats become available due to cancellations.

Click on [Enabled](#) to choose whether or not a Wait List will be enabled for this event.

- Wait list is [enabled](#). [How does wait list work?](#)

Would you like to enable wait list?

Yes, allow people to join a wait list.

No, disable wait list.

If you have questions about the wait list, click "[How does wait list work?](#)" An information box will open to provide further information.

Wait List & Invitation Automation

Handling Wait List sign-up, sending out invitations to register, tracking invitations, and updating Wait List status are completely automated. No action is required on your part. Read below to learn how it works.

Wait List Becomes Active

When the last seat is filled for this event, Wait List automatically becomes **active***, and Wait List sign-up is displayed to students on the registration website.

*Once the Wait List is active it stays that way, even if students cancel their registrations.

Invitations Automatically Sent

Invitation emails are automatically sent to individuals on the Wait List, as seats become available, in the order they signed up. Each invitation is valid only for one registration for this event.

Invitation Expiration

If an invitation **expires***, or is explicitly declined by the recipient, a new invitation is automatically sent to the next person on the Wait List.

*Each invitation is only valid for the respective event and will expire after 24 hours.

Wait List Statuses

Invited = An invitation to register has been sent to the person's email address.

Declined = The invitation to register was explicitly declined by the person invited.

Expired = The invitation to register was not used within the allotted time period.

Completing the Process

When both sides of the Create an Event page are filled in the way you want, click on the **“Create Event”** button in the bottom-right corner of the page. This creates the event.

Cancel

Create Event

Enrollments

The Event Enrollment page can be accessed from two places on the Welcome Instructor page.

- Click on “**Enrollments**” on the menu bar at the top of the page.

OR

- Click on the “**My Event Enrollments**” navigation icon at the bottom of the page.

You will see the Event Enrollments page

Event Enrollments

This is a list of your scheduled events, including the enrollment count for each event.

Viewing the Roster for an Event

From the Welcome Instructor page, you can get to the roster three ways:

1. **My Upcoming Events:** If the event is listed, click on it to go to the roster.

MY UPCOMING EVENTS

06/20/2016 [Pennsylvania Hunter-Trapper Education](#) Breezewood Volunteer Fire Company

07/05/2016 [Pennsylvania Successful Bowhunting](#) Allegheny Country Rifle Club

07/16/2016 [Pennsylvania Hunter-Trapper Education Independent Study](#) Rush Township Fire Hall

07/26/2016 [Pennsylvania Hunter-Trapper Education](#) Police Rod & Gun Club

Figure 13 Click the blue text to go to the roster for your event.

1. **Enrollments:** Click on “Enrollments” on the menu bar to display the Event Enrollments page. Then click on “View” to display the roster for a specific event.
2. **My Event Enrollments:** Click on the “My Event Enrollments” navigation icon to display the Event Enrollments page. Then click on “View” to display the roster for a specific event.

Event Enrollments

This is a list of your scheduled events, including the enrollment count for each event.

Below is an example of an event roster.

The screenshot shows an event roster interface. At the top, it says 'Event Roster' with a progress bar showing 7/7 and 0. There are navigation links for 'Student View', 'CSV', 'PDF', 'Normal', and 'Extended'. The event ID is 63954. The event title is 'Pennsylvania Hunter-Trapper Education'. Below the title are links for 'Edit This Event' and 'Unschedule & Remove'. The location is 'Police Rod & Gun Club'. The instructor is 'John Sample (primary)'. The schedule is for Tuesday, July 26, 2016 (5:00pm - 7:00pm) and Thursday, July 28, 2016 (5:00pm - 7:00pm). On the right side, there are buttons for 'Add Student', 'Invite Student', 'Add or Remove Instructors', 'Upload or Delete Files', and 'Enter Results'. Below this is a table of student information with columns: Name (Last, First), Address, City State Zip, Phone, DOB, and PFI. The table contains seven rows of placeholder data. At the bottom, there is a 'With selected' dropdown menu with options: 'Move to New Event', 'Remove from Event', and 'Send E-mail', and a 'Go' button.

Name (Last, First)	Address	City State Zip	Phone	DOB	PFI
Frederick, Madison	15712 Gramercy Terrace	Willard, PA 85242	(517) 803-1300	11-26-1976	
Gonzales, Aretha II	11603 Jolene Dr.	Chesterfield, PA 48600	(915) 666-0486	03-25-1983	
Hays, Otto	11578 Woodlawn Sta	Reeds Spring, PA 53864	(417) 871-3552	03-22-1958	
Hensley, Brynn	15412 Longpoint Terr	Scott City, PA 32402	(618) 722-9954	06-18-1953	
Hess, Ebony N	17174 Als Pl.	Morganville, PA 48919	(513) 966-8009	12-09-1994	
Lawrence, Quon O	5494 Diekamp Lane	Gilliam, PA 29096	(214) 384-3936	09-12-1993	
York, Iola	18636 Deerbrook Estates	Linn Creek, PA 76398	(312) 433-2634	02-07-1986	

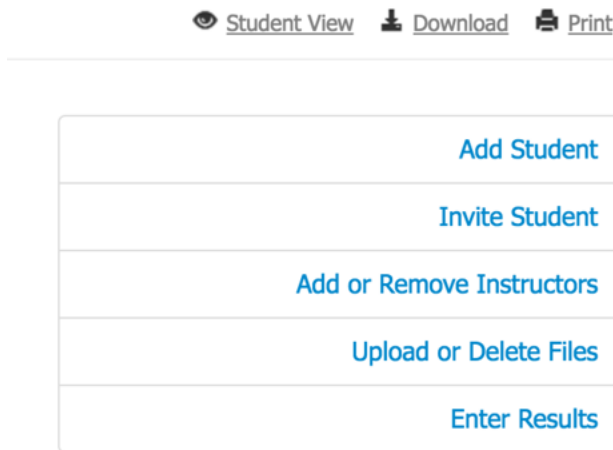

Figure 14 An example event roster filled with placeholder student information.

The event roster is where you will do most of your event management.

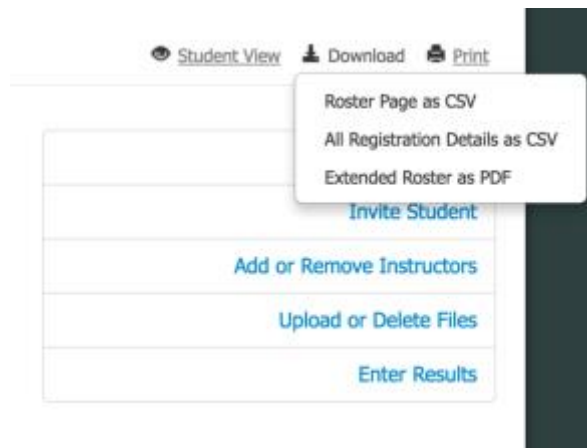

On the Event Roster page, you can:

- View information about each student.
- Edit a student's information.
- Remove a student from the event.
- Move a student to another event.
- Send an email to the students.

The links on the right side of the Event Roster page allow you to do many things.

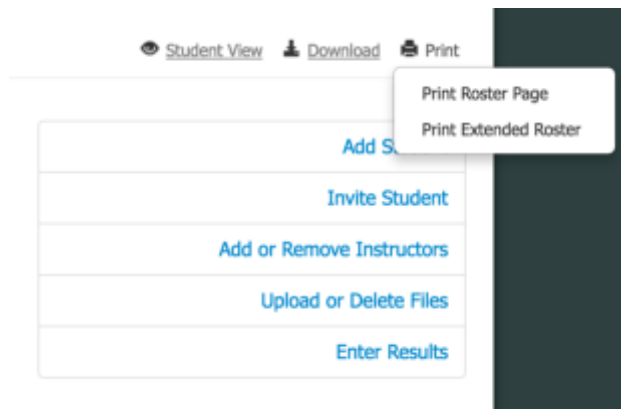

- **Student View** shows you the screen students see when they are signing up for an event.
- **Download** opens a menu of download options.

- **Roster Page as CSV** allows you to download your roster as a CSV file (editable in Microsoft Excel).
- **All Registration Details** allows you to download your roster with all registration information as a CSV file.
- **Extended Roster PDF** allows you to download the extended roster as a PDF file.

- **Print** opens a menu of printing options.

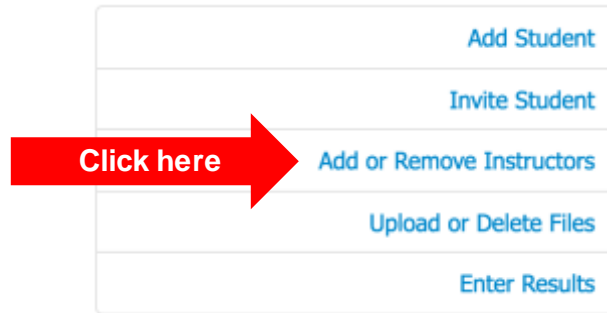

- **Print Roster Page** allows you to print your roster.
- **Print Extended Roster** prints your roster with extended student information.
- **Add Student** allows you to manually add a student to your roster.
- **Invite Student** allows you to send emails to students inviting them to attend your event.
- **Add or Remove Instructors** lets you remove, assign, favorite, or email selected instructors.
- **Upload or Delete Files** lets you include files with your event. The files can be either:
 - Event Public Files—visible to students who register for the event.
 - Event Private Files—visible only to the instructors.
- **Enter Results** lets you upload results for your event. Depending on your agency’s settings, you may input Event Information (such as completing a skills workshop), Instructor Information (such as hours volunteered), and/or Student Results (such as student grades). *This section is customized to meet your state agency’s needs and will vary by state. If you have any questions, contact your program administrator.*

Adding an Instructor to an Event

To add an instructor to an event:

- Display the Event Roster page.
- On the Event Management menu, click on **Add or Remove Instructors**.

The Manage Instructors page will be displayed.

Manage Instructors

You can have more than one instructor per event but only one primary instructor. The primary instructor is listed as the contact for the event and listed as the primary instructor on the report sent to the state.

With Selected Instructors:

Event Results

The Event Results page can be accessed from two places on the Welcome Instructor page.

1. Click on **“Results”** on the menu bar at the top of the page.

OR

2. Click on the “My Event Results” navigation icon at the bottom of the page.

You will see the Event Results page. Events listed as “Active” are the ones where you need to enter results.

You must submit results for the following events. Click on an event to enter results.

ID	Status	Event Name	Location	Date and Time	Instructor Form
63951	Active	Pennsylvania Hunter-Trapper Education	Breezewood Volunteer Fire Company	06/20/2016 at 06:00 PM	
63952	Active	Pennsylvania Successful Bowhunting	Allegheny Country Rifle Club	07/05/2016 at 05:00 PM	
63953	Active	Pennsylvania Hunter-Trapper Education Independent Study	Rush Township Fire Hall	07/16/2016 at 08:00 AM	
63954	Active	Pennsylvania Hunter-Trapper Education	Police Rod & Gun Club	07/26/2016 at 05:00 PM	

Entering Results

Entering the results for an event is a four-step process. *Note: Not every agency will require all four steps. If you have any questions, contact your agency administrator.*

- **Step 1: Event Information**
- **Step 2: Instructor Information**
- **Step 3: Student Results**
- **Step 4: Review & Submit Results**

To begin:

- Find the “Event Name” for the event that has results to be entered.
- Click on “Active” beside that name. A typical results page for an event may include some or all of the below boxes. (This is customized for your state; if you have questions, contact your state administrator.)

Please complete the following information

You must complete the requested information in all shown boxes for your event. To update the requested information, click “**Edit**” to access more detailed information.

Step 1: Event Information

For example, John Sample’s administrator requested some event information. This is what his Event Information page looks like:

The screenshot shows a web interface for event results. At the top left is the word 'Results' and a 'Print Results' icon. Below this is the event ID '63951' and the event name 'Pennsylvania Hunter-Trapper Education'. To the right are four buttons: 'Add Student', 'Add or Remove Instructors', 'Upload or Delete Files', and 'Go to Roster'. The event details are listed as follows:

Location	Breezewood Volunteer Fire Company	
Instructors	John Sample(primary)	
Schedule	Monday, June 20, 2016	6:00pm - 8:00pm
	Tuesday, June 21, 2016	6:00pm - 8:00pm

Below the schedule is a link: 'Plus 1 more day. Show all.'

The 'Event Information' section is partially visible, showing a field for 'Conducted Skills Station*' with a drop-down menu open, displaying 'Yes' and 'No' options. At the bottom left is a 'Cancel' button and at the bottom right is a blue 'Save' button.

John Sample will use the drop-down box to answer whether or not a skills station was conducted.

After you have entered the requested information, click the blue **Save** button to complete your results.

When the requested Event Information is completed, you will be returned to the Results page and the Event Information box will show **Complete!**. This means your changes have been saved.

Step 2: Instructor Information

If your agency administrator has requested detailed instructor information, this box will be available on the events page.

To complete the requested information, click **Edit**.

You may see a page that looks like this:

Last saved on 06/14/2016 at 10:48am CDT

[Save](#)

In this example, the agency administrator has requested a phone number for each instructor as well as a total number of hours the instructor contributed to the class. John Sample's page is active (his name is listed above the grey box), so he can enter a number in the form here. If he has the additional permissions, he can also click the button for his co-instructor, Sam Pretend, and update her hours as well. *Note: instructor permissions may vary by agency.*

Be sure to read any on-screen instructions when entering your hours! Each state has different guidelines for reporting volunteer hours.

Entering a PIN

Your state agency may require you enter a Personal Identification Number (PIN) when completing your

instructor hour information. *Note: Not all agencies require this information. If your agency does not require a PIN, please skip ahead to the next step.*

If you are required to enter a PIN, your Instructor Information page may look like this:

Adonis Bitar
Primary Instructor

Download the daily hours report

Saturday, June 18, 2016 Clear form

Prep Hrs*

Class Hrs*

Range Hrs*

Trvl Time*

[+ Add Another Date](#)

PIN * **Enter PIN here**

By entering your PIN you certify that the information you have entered is correct.

One or more instructors for this event **are not able** to submit event information electronically.

[Cancel](#) [Save](#)

If you have already created a PIN, type yours in the box marked **PIN**. This certifies that all the information you have entered is correct.

If you don't have a PIN, review the [Establishing a PIN](#) section to create a unique personal identification number.

After you have entered your PIN, click the blue **Save** button to save your input information and return to the Results page.

The Instructor Information box will appear in green with the word **Complete!** when you have updated all the requested information.

Step 3: Student Results

If your agency administrator has requested that instructors complete student results, this box will appear on your results page.

To input Student Results, click the **Edit** button. You will be taken to the Student Results page. There, you will be asked to enter results for each student who attended your event.

Student Results

Enter results for each student. When finished, be sure to click the "Save" button.

Final Grade*

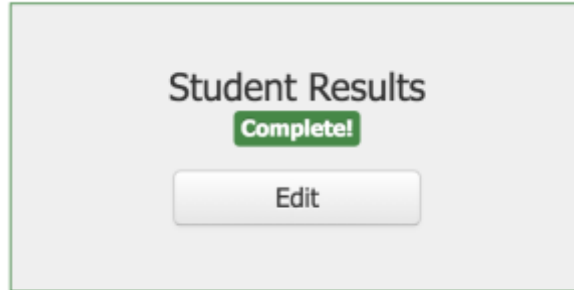

Comments

[Cancel](#)

[Save](#)

In this example, Instructor John Sample only has one student he needs to grade. He will use the drop-down box next to **Final Grade** to mark his student as Pass, Fail, or Incomplete. He can also add a comment in the empty field below. If needed, he can edit the student's information or remove the student from the event by clicking the words **Edit Student** or **Remove Student** on the right-hand side of the screen.

Fill in the fields requested by your state agency administrator and click the blue **Save** button to enter the results. This shows your changes have been saved. Then you will be returned to the Results page for your event.

The Student Results box will appear in green with the word **Complete!** when you have updated all the requested information.

Step 4: Review & Submit Results

Note: Depending on your agency's requirements, you may have to establish a personal identification number (PIN) before submitting results. This topic will be covered in [the next section](#).

If the event is still in the future (for example, day one of a multi-day event has been completed, but there are two days remaining) and you have completed all requested information, your Results page will look like this. You can click the green **Review** button in the bottom-right of the Results page to review your results thus far.

Please complete the following information

You must complete all forms before submitting.

When the event is completed and you have input all requested information, your Results page will look like this.

Please complete the following information

<p>Event Information</p> <p>Complete!</p> <p>Edit</p>	<p>Instructor Information</p> <p>Complete!</p> <p>Edit</p>	<p>Student Results</p> <p>Complete!</p> <p>Edit</p>
--	---	--

You must complete all forms before submitting.

Your results are submitted!

Note: Each agency has different data on the result forms. Therefore, the examples below will be similar but will not look exactly like the result forms for your agency. If you need particular help for your agency, contact our Agency Support Services team.

Frequently Asked Questions

How do I get back to the Welcome Instructor page?

The menu bar is displayed at the top of most Event Manager pages. You can always get back to the Welcome Instructor page by clicking on “**Home.**”

Why can't I log in?

If you are on the login page and cannot log in, it is likely that either your username or password is incorrect.

If you are not yet on the login page, navigate to <https://my.register-ed.com/login/login> by clicking the underlined text on this guide or by typing the address into your browser's address bar. If you are having trouble locating the login page, you may want to reread the section [Getting Started](#).

How do I change my PIN?

If your agency administrator has required the use of personal identification numbers, you can change your PIN at any time in the Profile section of Event Manager. Review the [Establishing a PIN](#) section of this guide.

What can I access in Event Manager?

With Event Manager, you can access:

- Events that you have created
- Any events that you have been assigned to by another instructor or administrator.

What if you need access to an event, but you cannot see it? This means that you need to be added to the event by the primary instructor for that event or by an agency administrator. Once he/she has added you to the event, you will be able to access it. Instructors are added to an event by using the **Manage Instructors** menu option on the Event Roster page.

Why can't I find my event on the public calendar?

This could be an “Approval” issue. If your agency requires administrator approval to create an event, the event may be in a pending status. In this case, after the administrator approves it, the event will display on the public calendar. You may check the event roster for a detailed description of the event's status.

71788

Arkansas Hunter Education Online In-Person Test

[Edit This Event](#) | [Unschedule & Remove](#)

Status	Registration Opens on 08/17/2016
Location	DeGray Lake Resort State Park
Instructors	Thomas Roten (primary) Show all instructors
Schedule	Saturday, August 27, 2016 2:00pm - 5:00pm

Other factors to check are:

- Is the event date in the past?
- Was the visibility window changed on the Edit an Event page?
- Is the event “Private”?

I created the location, but it isn't available for me to create an event. Why not?

This is likely an “Approval” issue. If your agency requires administrator approval to create a location, the location is in a pending status. When the administrator approves the location, it will be available for creating events.

Why can't I delete my event?

If you are unable to delete your event after someone has registered for it, you will need to contact an administrator to delete an event.

Can I change the capacity for my event?

Yes, capacity can be changed at the event level. The default capacity is defined on the location page. However, you can override the default capacity by changing it on the Edit an Event page.

I want to add an instructor, but they aren't on the Manage Instructors list. Why not?

Most of the time, this is because the instructor has not been given access to the specific program. As soon as an administrator gives the instructor access, he/she will be on the Manage Instructor list.

What is the Status column on the Event Results page?

Your Event Results page shows all of your events that are have not been closed. The status will be one of the following.

- **Active:** The event is ready for the instructor to enter and submit the results.
- **Results Submitted:** The event's results have been submitted. An administrator will review and approve (or reject) the results.
- **Approved:** The event's results are approved.

I'm on the Event Roster page and can see all my students. How do I give them grades?

From the Event Roster, click "**Enter Results**" on the right menu bar. You may want to review the [Results](#) section of this guide.

Can I edit a location?

After a Location is created, there is a short time period when you can edit the location information. Once a location is used by an event, this becomes an administrator's task.

How do I make my email address available to students?

There are checkboxes at the bottom of your Profile page that you can check to make contact information available to students.

Can I print an event roster?

Yes. On the Event Roster page, there is a "**Print**" option on the Event Management menu.

Can I register a student?

Yes. On the Event Roster page, use the "**Add Student**" option on the Event Management menu.
