

ACKNOWLEDGMENTS

The preparation of this publication required the efforts of many people. Writing, editing, and design of the narratives and maps involved the following Vermont Agency of Natural Resources personnel: Mary Beth Adler, Cedric Alexander, Tim Appleton, Chris Bernier, Doug Blodgett, John Buck, Bill Crenshaw, Melissa Currier, Scott Darling, Tom Decker, Michele Eynon, John Gobeille, Tammy Gratton, John Hall, Kim Hall, Paul Hamelin, Brian Lavery, Lil Lumbra, John Mlcuch, Michael Raboin, Kim Royar and David Sausville. Kathy Ciarimboli, Michelle Johnson, Rebecca Pheiffer and Sean MacFaden created the maps at the University of Vermont Spatial Analysis Laboratory under the supervision of David Capen. The Department wishes to thank Roger Erwin, Lawrence Pyne and Charles Willey for the use of their photographs; and Tina Scharf who coordinated the design, writing and editing of the narratives. Finally, the Department acknowledges Ron Regan, Director of Operations, who originally conceived the idea for this book and strongly supported its development.

Funding for this publication was provided by a grant from the United States Fish and Wildlife Service's Wildlife Conservation Restoration Program, and the Vermont Fish and Wildlife Department general fund account which is derived through the sale of hunting, fishing and trapping licenses.
